

ABRAR HAIDER

Automation Engineer | AI Workflow Automation & Business Automation Consultant

Islamabad, Pakistan • abrar.haider.sherazi@gmail.com • linkedin.com/in/abrarhaider-666a12122

PROFESSIONAL SUMMARY

Automation Engineer with 15+ years of combined experience in IT, networking, and cybersecurity, including the last four years focused on AI-driven workflow automation. Specializes in building WhatsApp AI chatbots and private, locally hosted AI infrastructure that help businesses increase revenue, cut response times, reduce operating costs, and remove repetitive manual work. Comfortable owning a project end to end — from automation design in n8n, Make, and Langflow, to secure server deployment, to CRM and Meta WhatsApp Cloud API integration.

CORE SKILLS

- **Automation Platforms:** n8n, Make, Langflow, Zapier
- **AI & Chatbot Development:** OpenAI, Claude, WhatsApp AI Chatbots, AI Customer Service Agents
- **Integrations:** Meta WhatsApp Cloud API, CRM + AI Integration, Lead Qualification & Follow-Up Automation
- **Infrastructure:** Local & Private AI Server Deployment, AI-Powered Internal Business Systems
- **Cybersecurity & Networking:** Certified Ethical Hacker (CEH), Network Administration, System Administration
- **Productivity Tools:** Microsoft Office, Google Earth

PROFESSIONAL EXPERIENCE

Automation Engineer — Freelance

June 2022 – Present

Islamabad, Pakistan

- Design and deliver AI-driven workflow automation solutions using n8n, Make, Langflow, and Zapier, integrating local and open-source AI engines to eliminate recurring API costs.
- Build WhatsApp AI chatbots for sales, customer support, lead qualification, and follow-up automation via the Meta WhatsApp Cloud API.
- Deploy secure private AI servers on local infrastructure and SaaS platforms, and connect CRM platforms with AI tooling to streamline internal business operations.
- Apply a background in networking, system administration, and CEH-certified cybersecurity to deliver automation pipelines that are secure, efficient, and cost-effective for clients across startups, agencies, clinics, real estate businesses, e-commerce brands, and enterprises.
